

## **SAFE WELCOME**

Dear Guests, we would like you to feel at home during your next stay, which is why we have taken the following measures to guarantee you a stay in complete safety:

- Several workstations equipped with sanitizing gel have been set up inside the structure.
- The use of the mask, in the common parts, is mandatory within the structure.
  - Breakfast is served directly at the appropriately spaced tables.
- The rooms are sanitized with suitable products and with the use of dry steam at 160°.
  - Differentiated cloths are used for each room for cleaning.
- The sunbeds in the pool area are spaced and are sanitized. In addition, a station has been provided with sanitizing product for the sunbeds.
  - We all wear masks and keep a safe distance.

Thank you  
Silvia ed Edoardo
